

Hear ye! Hear ye! As cosmic dust formed the earth, so will the refuse of the earth miraculously align itself on April Fool's Day 1992 to form the

"DUMPSTER DINER'S CLUB"

a wondrous organization dedicated to the twin mottos of "Recycling Food for Thought" and "Your Trash is Our Cash."

You have been tapped as one of the creators, or in club lingo, "Founding Objects," of this important organization. The Founding Objects, along with their titles and duties (subject to continual change) are:

<u>Founding Object</u>	<u>Title</u>	<u>Duties</u>

*(note: we need a club logo; perhaps a chef's hat on top of a trash can?)

Club origination will take place on April Fools Day, Wednesday, April 1, 1992 at 3 PM, a time of destiny. We will meet at the American Diner, 5th and Spring Garden Street, Philadelphia, PA, for a late luncheon feast, at which time we will conduct two club functions:

1. Origination and Initiation - a ceremony which will hopefully come to us in dreams, or by divining found objects (note the patterns when you look into an old piece of plastic or stainless steel or porcelain enamel).
2. Induction of 2nd Generation Dumpster Diners - Each Founding Object is requested to bring a new member to this meeting--someone with the appropriate outlook, moral direction, and maturity to fit in this type of high-class club.

See you April 1!!! (Note: The chicken croquettes and chocolate bread pudding are highly recommended.)
